

How will civil service reform affect you?

Get a first-hand look and provide feedback on the new human resource system at a series of information sessions being held throughout the state in August and September.

Virtually all aspects of the state's 43-year-old civil service system are being revamped and modernized as a result of the Personnel System Reform Act of 2002.

Proposed changes to everything from classification and salary structures to hiring, performance management, and layoff have been shaped in large part by input from thousands of state employees over the past year.

You will find a schedule of upcoming sessions below, or go to <http://hr.dop.wa.gov/hrreform/schedule.htm> for more information.

Employee Information Sessions

All sessions are open to all state employees.

For detailed information including addresses and times:

- go to <http://hr.dop.wa.gov/hrreform>
- contact your human resource office or
- look for posters or additional e-mails in your workplace.

NOTES:

The Department of Personnel is not responsible for costs incurred from attending any session. Please check Web sites for parking regulations and costs in advance.

If you require special accommodations, contact (360) 664-6239 or e-mail communications@dop.wa.gov.
